MEMORANDUM FOR: MR. DULLES

SUBJECT : Psychiatric Program

STATINTL [REDACTED] Chief of our Psychiatric Division, has been on detail to us for the past several years from the Public Health Service. He has now decided to resign from Public Health and enter into private practice; consequently, this action will automatically terminate his services with the Agency. Dr. Tietjen has been successful in recruiting as his replacement STATINTL [REDACTED] one of the Agency's first psychiatric consultants, who, in fact, recommended [REDACTED] to us. He will enter on duty about 1 April at a considerable financial sacrifice and I think that we are most fortunate to get him. His biographic profile is attached.

STATINTL Incidentally, [REDACTED] who is also a member of the Public Health Service, will be leaving us before too long to assume his new duties at the National Institutes of Health. We, of course, are very sorry that STATINTL [REDACTED] and [REDACTED] are terminating their association with us but are grateful to them and to the Public Health Service for their contributions during the past several years.

STATINTL [REDACTED]  
L. K. White

1 Att:  
Biographic Profile - John [REDACTED]
